

Have you made
your **Many More**
Promise?

Make your **Many More** Promise

ALK-positive lung cancer is a rare form of lung cancer caused by the abnormal rearrangement of the anaplastic lymphoma kinase gene.

There is no knowing who will get it. Most people have never smoked. Around half are under 50, many even younger.

But there is ALK Positive Lung Cancer (UK): a vibrant, active community dedicated to helping everyone diagnosed with this rare, incurable cancer live their best life for longer.

We need your support to give people more precious time. Raise standards of care across the country. Empower patients and advocate for the best possible treatments. Bring everyone affected together to support one another and form a powerful voice for change.

So please, make your Many More Promise today. We give you our word that every single penny will be used to give real hope to everyone with ALK-positive lung cancer. For many more years to come.

Make a life-changing difference to people with ALK-positive lung cancer. Simply return the standing order Gift Aid aid forms by email to hello@alkpositive.org.uk

Thank you for your kind support.

SUPPORT • EMPOWER • ADVOCATE

Your **Many More** Promise means the world to us

We are ALK Positive Lung Cancer (UK), people with ALK-positive lung cancer, our friends and loved ones. We have one crucial goal: to make sure that everyone diagnosed with this rare cancer can live the best life possible, for as long as possible. But we can't do it alone.

If you can promise to give us a regular donation every month, you'll help bring about a future where people with the condition have more time to watch their children grow.

More days to hug their loved ones. Many more months – and even years – to fill with everything from crazy, once-in-a-lifetime adventures to wonderfully everyday stuff like just walking the dog.

Life with ALK-positive lung cancer can – and should – be about living. Your Many More Promise will help us ensure it is.

[Read on to find out more...](#)

Your **Many More** Promise means... earlier diagnosis and better care

Because most people with ALK-positive lung cancer do not smoke, over 85% of those we support are diagnosed at stage 4. Sadly, that's often too late for hope of a cure.

Your promise has the power to change this. Your donations will support our vital work with GPs, helping them to diagnose people earlier, in time for the most effective treatment. You'll also help us build closer relationships with oncologists and cancer nurses, raising awareness of best practices and standards of care across the country.

What's more, with your help, we can advocate for individuals who may otherwise be denied the specialist care they need. That alone can add months, if not years, to peoples' lives. Help us bring about a future where better, life-lengthening treatments are available to everyone.

Make your Many More Promise today.

“
The faster you are diagnosed, the better. I can't emphasise that enough.

Debra

Your **Many More** Promise means... support for more people

Around 3,000 people are diagnosed with ALK-positive lung cancer every year. We are determined to reach every single person.

Anything you can give – even the price of a few coffees a month – enables us to raise awareness of our support group and find the people who need our help.

It means we can equip and empower more patients with the information they need to get the best possible treatment. Including guidance on clinical trials and updates on advances in therapies from across the world.

And your kind donations will mean more vital, mutual support.

With your help, we can continue to provide platforms where patients, friends and family members can share information and experiences, ask questions and always be sure of finding a friendly, sympathetic ear.

“
After 18 months of asking, I finally got a brain scan, thanks to the information on your site.

Valerie

Your **Many More** Promise means... everything to people like Angela

I'd gone from being a reasonably healthy 49 year old to recovering from major surgery and being told I have an incurable disease, all the space of a few weeks.

It was at this point a Macmillan nurse told me about the ALK Positive charity and support group, and that changed a lot. There's nothing like the bluntness and humour of a fellow patient to put things into perspective and cheer you up! Anything you are dealing with, one of the other

members has probably lived through, and that shared perspective helps to make sense of this horrible disease.

“
I want to see my
sons grow up, go to
college, get married.
Most of all, I want to
live long enough so
they remember me.

Angela

Standing Order Mandate

Charity Gift Aid Declaration

Boost your donation by 25p of Gift Aid for every £1 you donate

Gift Aid is reclaimed by the charity from the tax you pay for the current tax year. Your address is needed to identify you as a current UK taxpayer.

In order to Gift Aid your donation, you must enter X in the box below:

I want to Gift Aid my donation of £ and any donations I make in the future or have made in the past 4 years to: ALK Positive Lung Cancer (UK)

I am a UK taxpayer and understand that if I pay less Income Tax and/or Capital Gains Tax than the amount of Gift Aid claimed on all my donations in that tax year, it is my responsibility to pay any difference.

Title First Name or Initial(s) Last Name

Home Address

.....

Postcode Date

Please notify the charity if you:

- want to cancel this declaration
- change your name or home address
- no longer pay sufficient tax on your income and/or capital gains

If you pay Income Tax at the higher or additional rate and want to receive the additional tax relief due to you, you must include all your Gift Aid donations on your Self Assessment tax return or ask HM Revenue and Customs to adjust your tax code.

Please return this charity gift aid declaration by email to hello@alkpositive.org.uk
